

Is BIMM Institute the place for you? Start your application in just 15 minutes.

Our colleges in Germany are home to students from over 50 different nationalities. We are experienced at supporting international students to apply and prepare for the beginning of their studies, and you will be supported by our Admissions Team at all stages of the application process. If you require any assistance with the below steps, please contact our Admissions Team on +49 (0) 30 311 99 186, by email admissions@bimm-institute.de or via LiveChat on our website.

Our application walkthrough below covers each stage of the application process:

Step 1: Submit your application

Head to bimm-institute.de/direct-application to start your application.

Step 2: Book your interview

We'll contact you to arrange your interview. You can choose whether you want to complete your interview online or in-person at one of our colleges. You will also receive all the information you need on what to prepare and submit before your interview.

For further information, check bimm-institute.de/interviews.

Step 3: Complete your interview

One of our lecturers will be your interviewer and will review any supporting material you submit in advance.

The interview will last 30 minutes and will cover your experience to date, your course and career aspirations, and feedback on your pre-submitted materials.

At the end of the interview, our lecturer will inform you on the outcome. A member of the Admissions Team will then be in touch about the next steps.

Step 4: Receive an offer of study

There are two types of offers you can receive: conditional (pending academic, English language or visa requirements) or unconditional (you've met all academic and visa requirements).

You will receive your offer via our Application Portal. It also contains information on next steps including semester dates, deposit and fee guidance, and advice on planning your move to study.

Step 5: Accepting your offer and paying your deposit

If you decide to accept your offer of study, your deposit needs to be paid within 14 days to secure your place. Guidance on this can be found in your offer letter and further advice is available from the Admissions Team.

Step 6: Next steps and enrolment

Time to get ready to start your studies! Before you join us, you will receive further useful information from the Admissions Team to help you prepare. This includes useful tips on finding accommodation, settling in and health insurance. You can download helpful documents at bimm-institute.de/essential-documents.

Enrolment begins approximately two months prior to the start of semester one. Our Enrolment Support Team will provide information to guide you through each step, so keep an eye on your emails! Your timetable and virtual learning resources will be available around two weeks before classes begin.
